

OA Cutting Mini CNC

- Features:
- Operation with a digital system / computerize
- Automatic operational
- Rail for optional
- Build in tough structure and design for
- Safe and easy to handle
- Used flame for cutting metal
- Suitable for cutting mild steel metal
- It is particularly for suitable skill centers and industry equipment

Specification	Item
Model Number	HNC-1000W
Motor Speed (rpm)	3,000 mm/min
Cutting Thickness (mm)	5 ~ 150
Regular Voltage	AC 220V
Out Side Diameter (mm)	1600 x 2050 x 350 (W x L x H)
Weight (kg)	55

Auto Inverter
